ABOUT PARENTING CONVERSATION CORNERS

Parenting is a vital part of who we are. Many would say it is our best life work. And yet it is so challenging!! In parenting conversation corners we get the chance to talk about parenting. It's as simple as that. Our conversations will be warm, supportive, friendly, respectful, nourishing, and nurturing. And that's the best way to learn about who (and how) we want to be as parents. We will listen to each other and learn from each other. And we will give special attention to the richness of cultural differences. As parents, we can be the best teacher for our children. As parents, we can make the difference. I am truly looking forward to sharing this journey with you....

Love, Tracey
